Title: 50yo Educated Man sks

V/Well Endowed Lady to

50

Description: I am a 50 year old single

man, caucasian,

physically fit, I exercise regularly. I do not drink or smoke, but if others do I don't mind. I was born in the UK and have lived here most of my life. People would probably

describe me as

conservative in nature, but easy to talk to. I am not the loud partying type at all. I am looking for a monogamous physical relationship with a single lady who is physcially very well endowed, and who is looking for a decent guy who takes care of himself. If interested please feel free to reply. Thank you for reading my

ad.
