Australia Wide SMSF Auditors

We are an independent Chartered Accounting SMSF audit practice with extensive ASIC registered SMSF auditing experience. We are based in Queensland and we service our clients from all over the country, visiting our clients

face-to-face where required. We operate on a cloud-based system and therefore we are not restricted in the number of SMSF audits or the location from where we receive them.

Our clients range from Accounting professionals, junior staff and directly with the members themselves. We are flexible with our arrangements and ensure a smooth transition from start to finish.

There is no such thing as too little or too many audits. We encourage self-managed super funds of all sizes and quantities as our team are available whether we are your only SMSF audit team or as a backup to your current SMSF auditors.

Our team focuses on quality and efficiency ensuring a swift and high-level audit for your funds.

Our turnover is 3 business days on average as we work alongside our clients for an efficient and quality audit report.
