Title: 7 month old female
Rottweiler cross Mastiff

Description:

Unfortunately we're having to rehome our beloved Bailey. Due to work and family commitments we just haven't got the time she needs. If you're interested you need to understand she is a big puppy and will be a very large dog. Currently weighs 24kg at 7 months old. She is very loving and great with children. Can be boisterous at times but has never hurt any of our children aged 1 year old, 6 years old and 10. She needs a lot of walking due to her breed size and doesn't like being left alone for long periods of time. We are devastated to be rehoming her but it's in her best interests. I cannot emphasize enough how loving she really is. She's fully up to date with injections and flea and worming. I have her microchip details available as well to whoever needs to update those. She will come with her bed and large crate if they are needed and her harness and lead. All good quality items as she has been very spoiled by us. Please get in touch via text message or phone call if you are interested to discuss visits etc or if you have any questions.
