Title: Switch to Solar Pool Heating & Reap its Benefi
Description: If you love swimming or regularly swim to keep yourself fit, you can make swimming even more gratifying by switching to solar pool heating today.

Here are some of the benefits that solar-powered pool heating offers:

- A solar system uses the sun's free energy to heat your pool; thus, helping you to save on your rising energy bills.
- Once summer is gone, it extends your swimming season by a few months, helping

you get the maximum out of your pool.

- Solar heaters are an eco-friendly option to heat the pool; thus, it protects the environment by reducing its carbon footprint.
- It operates silently, so you will not hear loud noises as you swim in your pool.
- It requires negligible maintenance.

Whether you want to switch to a [solar pool heater](#) or heat pump for the pool, contact us at [Thermo Pools](#) on 02 8850 4030, and we will be happy to assist you.
