Title: Ecoshift Corp, LED Street Lights in Manila
Description: The 2019 SEA Games, officially known as the 30th Southeast Asian Games with the theme “Philippines 2019: We Win As One”, is a biennial regional multi-sport event which is being held in the Philippines from 30 November to 11 December 2019 with games from selected sports started as early as 24 November. This edition is marked by the first major decentralization in the history of the Games, with competition venues being spread in 23 cities across the country, divided into 4 clusters, all located on the island of

Luzon. Ecoshift is granted the opportunity to be a partner to this much awaited event to showcase our best LED Products and to show the world our country's economic prowess and global competitiveness. We installed numerous High Mast Lights and High Density LED Floodlights to illuminate the venues of various sporting events specifically at the Rizal Memorial Basketball Coliseum (Metro Manila).
