Offered or Seeking : Offered
Job Title: the DRY EYE GROUP
Job Type: Contractor
Job Description: At The Dry Eye Group we tailor a dry eye treatment plan to suit your individual needs. No two cases of dry eyes are the same. We frequently see patients whose symptoms range from minor irritation to seasonal dryness, and sometimes debilitating dry eyes due to Meibomian Gland Dysfunction. Our goal is to first assess the dry eye causes, to quantify the extent of your dry eyes and to create your dry eye treatment action plan. We utilise the latest technology including Blephasteam and Lipiflow to ensure you get results and find relief as quickly as possible, for as long term as possible. for more info click [Dry Eye Syndrome](#)
